

FOR IMMEDIATE RELEASE

Concerns for the post September 11th suffering of the children in the United States and Afghanistan inspired Felissimo Design House to collaborate with 12 international fashion designers to create a collection of "Love & Dream MuniDées." This collaboration expresses each designer's creativity and response to the tragedy. As with previous MuniDée designs, each holds a 16 ounce bottle of water and is designed to hold hands with other MuniDées, symbolizing "one world," harmonious and without barriers.

Whimsical, humorous and original, these designs will be available for purchase at Felissimo Design House, 10 West 56 Street, New York City. For each designer MuniDée that is sold, Felissimo Design House will donate a portion of the proceeds to organizations that support children in the United States and Afghanistan. Funds directed towards the children in the United States will be distributed through UNESCO (United Nations Educational, Scientific and Cultural Organization), while the remaining funds will be donated to an Afghanistan/International agency, which will be chosen at a later date.

The participating designers of the Love & Dream MuniDée collection include (designs shown below, from left to right): Masahiro Nakagawa, Veronique Leroy, Han Feng, Maurizio Galante, Kozue Hibino, Seredin & Vasiliev, Todd Oldham, Akira Minagawa, Cacharel, Sonia Rykiel, Yoshiki Hishinuma and Kosuke Tsumura. One by one, each designer donated their time to this project, affirming the belief that even a small contribution can help change the world.
