**Life Symphony Design Review & Exhibition**  
**Part One**

New York, NY 2003 – Felissimo Design House presents **Life Symphony Design Review & Exhibition**, an exhibition that features original designs that aim to improve people's daily lives and enhance relations between the individual and family, society, the environment and the world at large.

**Part One** of the exhibition is by invitation only. Felissimo Design House invited a group of talented, emerging designers from around the world to exhibit fashion, furniture and product design. These works encompass the following Life Symphony categories:

1. **Lif-eco-llaboration:** Creative, high quality designs that are kind to the environment and facilitate easy living. These designs incorporate eco-friendly practices, such as low energy manufacturing and utilization of recyclable or renewable materials.

2. **Thanksgiving Heartsgiving:** Unique gift designs that advance personal relations through the joy of giving and receiving. Each heartfelt gift creates a special connection between the giver and receiver.

3. **The Romanticized Digitalized:** Celebrations memorialized for future generations to share and treasure with an emphasis on digital media as a tool for communication and collaboration.

Designed by Lorena Barrezueta

**Part Two** of the exhibition will provide a "stage" for designers, students, professionals and creative individuals to showcase pieces that mirror the Part One theme – improving people's daily lives and enhancing relations – while staying within the same above-mentioned categories. An open call process will select the Part Two designers.

Life Symphony Design Review & Exhibition Part One will be on display at Felissimo Design House through February 2004. Felissimo Design House is open Monday – Saturday 11:00 am – 6:00 pm, Friday 11:00 am – 8:00 pm and Sunday closed.

Felissimo Design House is 5-story design exhibition space and retail store in New York City. Their mission is to offer creators an opportunity to showcase designs in their beautiful turn-of-the-century townhouse. This opportunity also includes the possibility of collaborating with Felissimo in the future to design and produce new merchandise.
